You'll still never know

[Verse 1: Earl Sweatshirt]

Sly's been first, man  
Y'all forever last I'm forever everlastin'  
Mashing on the gas bypassing all the has-beens  
In that sense I'm that shit in that scents  
Inhale it, breathe it, embrace it  
Crepes is not as flat as you natives of fake is  
So I take this and shine and provide illumination  
But niggas stay in the dark and I'm startin' to get  
impatient  
15 is the age of the teenager  
Roamin' with a mind full of gold, no pager  
A circle of squares is what shaped us  
Until it's sussed feel free to hate us  
Unchained, untamed, fast lanin', fat chainin'  
Throw 'em on a playlist labeled as the greatest  
Unleaded premium, large not medium  
Say cheese, bitches bodies seize upon meeting us,  
man

[Verse 2: Gruzen]

This is what I do, I infect hope  
And inspire folk by painting pictures with the better  
view  
My soul is weather proof, my mind can shape shift  
Divine greatness runs in bloodlines still ancient  
Expansive universes embedded in ours  
Reflected in stars, I shine with the breath in my heart  
That's why my flows complete, it's flawed  
Get raw energy, exposed for the whole globe to see  
Yeah you know it's me, I'm back at it again  
Elevating the bar, haters will never get in  
This is a sacred place, where we embrace creation  
Through landscape, shape and painted in a vacant  
space

[Verse 3: Earl Sweatshirt]

They asked us to stop playing so rough outta courtesy  
And if I were to stay in my lane, I swerve purposely  
I spit fire, burns in the third degree  
Every line is turpentine to these herb serpentines  
Snakes in the grass, for all you dumbasses  
Fair fax bastards, rockin' nerd glasses  
I dominate, y'all denominate fractions  
I relapse back to spittin' crack like chapped lips  
Chasin' pavements 'til the day of amazin' payment  
Success is the fragrance on my Bathin' Ape apron  
Pull your face up out your anus and face this  
Darth invade your playlist, you cannot evade this  
Closed case, you're makeshift, I make hits  
You make shit, you crave this, this greatness  
You can't attain us like bad grades for Asians  
I'm grade A list, lick the speaker, you could taste it
