He wants to play
She wants to know
he wanted her to stay
but she just has to go
he likes to watch her garden overgrow

she sees the truth
he sees the road
likes to get her way
she loves to watch him fall
leaves him standing outside in the cold

[chorus]
Sometimes you feel, sometimes you feel, sometimes
you feel just like a god
all of the things you're envying
no but you never worked so hard
and then you wake up with an empty gut
too bad you never got the not

they always say
opposites attract
he's a working day
she got a monkey on her back
she putting down the rope around his neck
sometimes he's wrong
she's always right
sometimes the love
turns into a fight
likes to keep her selfishness on time

[chorus]
and you know what you need
and when the phone don't ring
forever and a day, you'll be the hope that fades away
and you know what you need
and when the phone don't ring
forever and a day, you'll be the hope that fades away
Fades away

[chorus]

Sometimes you feel x 4
just like a god
