Com-com-com-combat lover
you came here to get some more
seems like you're turning worse than ever before

hold hold hold hold my tongue
while im talking at you
you won't hear a word
im not what you came for
im nothing more than a girl

you making my heart spin, you making it roll
i give you my body, i give you my soul
be careful dont be so vicious with me
my love can also be a killer machine

say say say say your name
where you come from
i wont tell a soul
im all that you wish for
on a night so cold

Com-com-com-combat lover
you taste every kiss
you dress so fine
im under your spell, you make me think you're ok

you making my heart spin, you making it roll
i give you my body, i give you my soul
be careful dont be so vicious with me
my love can also be a killer machine

Com-com-com-combat lover
you came here to get some more
seems like im burning this is turning worse than ever
before

Com-com-com-combat lover
you fake every time and every way
you whisper my name and you wish i obey

Com-com-com-combat lover
