She runs away
A wild stallion stray
She takes my heart away
And I've got nothing to ride on
She flies away
She's like a bird of prey
She steals my soul away
And I've got no one to fly with
Girl I bet you knew
That I would call
Your bluff anytime at all
Cause it feels too good to hold you
And girl I bet you know
That I could roam like you
But it feels too good to hold you
She rains on me
Her softness pouring down
My heart left on the ground
And I've got no umbrella
Her silent breeze
Is blowing through my leaves
She takes the wind from me
And I'm left standing here breathless
Girl I bet you knew
That I would call
I'd come any time you'd call
Cause it feels too good to hold you
And girl I bet you knew
I'd get a hold on you
Cause it feels too good
Yes it feels too good
To want you
