Takes a long, long time
for us to get out of here.

Take me out of here.
I don't know where to go.
I don't know why I thought that
you should ever know.

Not something to be messed with.
Not something you can plan.

If I... may I...try to make you understand...
I'll try to make you understand:

"If I... may I...Come out and play?
I don't want to take up too much time."

Get out of my mind.
Get out of my mind.
Please don't let me go there.

"Get out of my mind. Get out of my mind.
Please, don't let me go there."

"If I...may I...Come out and play?
I don't want to take up too much time..."

Takes a long, long time to get out of here...

"Take you on adventures never seen before.
Rediscover things you never took seriously.
Nothing to be scared of, nothing to believe.
I travel through Space and Time pretty frequently."

Takes a long, long time to get out of here.
But I know you anyway, and you'd go out
of your way to make me dance.

As you walked away...

Take me out of here.
I don't know where to go.

I don't know why I thought that
you should ever know.

Not something to be messed with.
Not something you can plan.

If I...may I...try to make you understand?

But I know you anyway.
You'd go out of your way to make me dance.
I know you anyway.
You'd go out of your way to make me dance.

As you walked away...

If I...may I...
If I...may I...Come out and play?
I don't want to take up too much time...

If I...(I try to make you understand) May I...
Come out and play...I...

Don't wanna take.
Don't wanna take.
Don't want it.
