"In The Graveyard"

Visit "[In The Graveyard](#)" on MotoLyrics.com

Someone told me that I should visit you in the
graveyard
Pull out all the weeds
But I'm still lonely and I'm not ready
You scared me when you hid behind the trees
All your clothes are gone
All your house is gone

Someone told me that I should visit you in the
graveyard
Pull out all the weeds
But I'm still lonely and I'm not ready
You scared me when you hid behind the trees
All your clothes are gone
All your house is gone

Someone told me that I should visit you in the
graveyard
Pull out all the weeds
But I'm still lonely and I'm not ready
You scared me when you hid behind the trees
