Hey Mr. Feather do you think you're really fly  
Mr. Clever she is fool enough to trust you  
Mr. Stupid you are not like anyone  
Mr. Famous I don't know your real name  
Mr. Tiny your dream is so big  
Mr. Clumsy what you've made is so art  
Mr. Doubtful don't you trust yourself at all  
I'm Mr. Complain  
Yeah my life is shit

Give me something that's I'll never fail  
Give me something that I understand  
Give me something that I'll never lose again

Hey Mr. Smiley do you smile when you are sad  
Mr. Crazy where is the border of sanity  
Mr. Jealous hope you don't have any secrets  
Mr. Money what do you want for next Christmas  
Mr. Perfect have you ever pulled it off  
I'm Mr. Complain  
Yeah my life is shit

Give me something that I'll never fail  
Give me something that I understand  
Give me something that I'll never lose again  
You are not here You are not here You are not here  
beside me  
You are not here You are not here You are not here  
Yeah my life is shit

Mr. Feather do you think you're really fly  
Mr. Clever she is fool enough to trust you

Give me something that's I'll never fail  
Give me something that I understand  
Give me something that I'll never lose again
