All good advice but I'm sick of it
My friends thanks for your anxiety
But it's a nightmare when she's not with me
You wonder why I chose her

She's 40 and I'm 22
Her skin is almost like my mother's
She'll be 50 when I'm 32
Stop wondering what is the point
Leave us alone

Her sweet smile is cure for my wounded mind
That's all and you won't understand
Way she cares for me no one else has ever done
That's all hey I do mean it

Thank you man but don't trouble yourself
Your worries are nothing to me
I'm under control like never before
Still you wonder why I chose her

I was 4 when she was 22
Maybe it's good we didn't meet then
I was 14 when she was 32
I don't care I'm happy with that

Leave us alone

Her sweet smile is cure for my wounded mind
That's all and you won't understand
Way she cares for me no one else has ever done
That's all hey I do mean it

Her picture is always in my wallet
I'm going out to buy her a birthday gift
I wanna see her smiling face
Still you wonder why I chose her
Leave us alone

Her sweet smile is cure for my wounded mind
That's all and you won't understand

Way she cares for me no one else has ever done
That's all hey I do mean it

Her sweet smile is cure for my wounded mind
That's all and you won't understand
Way she cares for me no one else has ever done
That's all hey I do mean it
