[Rap: Styles P:]

If you leaving go ahead leave  
I still pop champagne  
I still blow them trees  
And I won't even ask you to stay  
I'll accumulate a whole lotta cash in a day  
You gone miss me when I'm not around  
And that big body jaguar chocolate brown  
With the neman marcus seats poppin now  
Got my hands on my collar I pop em now

[Verse 1:]

You don't have to play it  
Play those silly games  
You play with me  
And no need to say it  
Say anything you don't believe  
If you wanna go  
Girl I won't make you stay  
You can tell me you love me want me  
Ya need me but I know it's changed  
But wait and you see

[Chorus:]

You gone miss me when I'm gone  
You gone miss me when I'm not around  
You'll see  
You gone hate it when I'm done  
You gone hate it when you can't come back to me

[Verse 2:]

Girl why would you stay  
If you wanna leave  
I can look in your eyes  
It's easy to see  
Your done with me  
So baby just go  
Cause I won't make you stay  
You can tell me you love me want me  
You need me but I can feel it's changing  
But just wait and see

[Chorus:]

You gone miss me when I'm gone

[Rap: Jada]

You ain't listening you just hear my voice

You ain't here by force you here by choice

If you could leave if you wanna leave go ahead yo

I'd rather not work it out

Please instead go

Now when I look in ya eyes

I feel strange

You can say whatever you want you still changed

Even tho the sun comes out

It still rains

It's nothing like trying to cover up real pain

Somebody that you thought was ya lover

Was real lame

But she ain't doing nothing but playing them real  
games

Now shes alone listening to the song

And the sad part about it

She gone miss me cause I'm gone
