I can't be just like the girl you see in dreams
The type of girls that ask no questions
Don't wanna give the wrong impressions, impression.
But I just need to feel somebody next to me
By now you think I learned my lesson
But I'm not gonna keep you guessing, guessing.

Bridge:

Nobody knows how hurts on the inside
You're all I got, you're my rock, you're my lifeline
Tonight I'll be anyone and anything that you need!

Chorus:

So you can call me what you like
If you stay here til the sun comes up
We are running out of time
Maybe I'll be there, the thing you want
Just don't let me go! Don't let me go!
Call me what you like!
You can call me what you need!

All I need is somebody to breath out for me
I gotta prove my heart's still breathing
Baby, please don't say you're leaving, you're leaving!
Can't you see how much it will mean to me
If you'll stay right here till morning
Stay with me and stop me falling!

Bridge:

Nobody knows how hurts on the inside
You're all I got, you're my rock, you're my lifeline
Tonight I'll be anyone and anything that you need!

Chorus:

So you can call me what you like
If you stay here til the sun comes up
We are running out of time
Maybe I'll be there, the thing you want
Just don't let me go! Don't let me go!
Call me what you like!
You can call me what you need!
