### "Cashless And Pathetic"

Livin off an income of depression and rejection  
Feeding off the remains of a scab of an infection  
Locked to a chain of i.o.u.s and endless debt  
I'm cashless and pathetic, death is my best bet

We'll take what we can get:  
"WE'RE CASHLESS AND PATHETIC"  
We're less than you'd expect:  
"AND NONE OF US REGRET IT"  
When the spirit is dead and gone:  
"WE'LL NEVER FORGET IT"  
Its all we are, it's who we are:  
"WE'RE CASHLESS AND PATHETIC"

There's a certain anger inside of me that pushes me  
toward apathy  
That's ok, i'll decay into what i have dreamed to be  
Nightmares of yesterday and false ideas of  
tomorrow  
I've seen it, i've lived it, it's pain, yeah, it's sorrow
