He's out your system yeah it took you a while  
You got your family back and you got your smile  
And you promised your sister that you'd never go back  
again

But friends keep telling you what he did last night  
How many girls he kissed how many he liked  
And you try to remember that there's no way you could  
ever be friends

But now you're  
You're looking like you really like him like him  
And now you're feeling like you miss him miss him  
You're speaking like you really love him love him  
And now you're dancing like you need him need him

(Chorus)

Put it in your pocket don't tell anyone I gave you  
It will be the one you run to the one that saves you  
It can be your daddy daddy if you take it gladly gladly  
Yeah  
Daddy Daddy

He kissed you on the lips and opened your eyes  
You had to catch your breath got such a surprise  
And you always forgot how it feels to live in his lies

He pulled you closer said he'll never let go  
You couldn't trust him but you never said no  
In that moment he made you forgot how it feels when  
he's gone

But now you're  
You're looking like you really like him like him  
And now you're feeling like you miss him miss him  
You're speaking like you really love him love him  
And now you're dancing like you need him need him

(Chorus)

Put it in your pocket don't tell anyone I gave you  
It will be the one you run to the one that saves you  
It can be your daddy daddy if you take it gladly gladly

Yeah  
Daddy Daddy

You're looking like you really like him like him  
And now you're feeling like you miss him miss him  
You're looking like you really love him love him  
And now you're dancing like you need him need him

(Chorus) x2

Put it in your pocket don't tell anyone I gave you  
It will be the one you run to the one that saves you  
It can be your daddy daddy if you take it gladly gladly  
Yeah  
Daddy Daddy
