I never thought I could feel like this, no  
You turn my world upside down  
I never thought I could love you this way  
I just want you to know

And everytime I look out my window  
I wish that you would be here  
'Cause everytime that I see you baby  
It feels like walking on air

'Cause I'll be by your side  
But I don't know if I'll be on your mind  
So tell me is it right feeling blue  
If you're out there  
Looking for me

I wanna hold you tonight  
I wanna touch you right now  
Because I wanna be there when you are sleeping  
And anything you say I'll do it for you  
And I just wanna be there by your side  
I wanna hold you tonight

I don't know where you are  
Where you are now  
But I'll be waiting for you

Playing tricks with my heart  
Won't get me down  
When I know you're around

'cause I'll be by your side..

I wanna hold you..

If I could show you  
You would know that I still care  
If you still want me  
You know that I'll be there

And I'll be by your side

But I don't know if I'll be on your mind  
So tell me is it right feeling blue - if you're out there -  
when I want you here
