I don't need to walk away  
I don't need to look ahead  
'Cause no matter what I do  
My life won't change because of you

'Cause everytime you slam the door  
I know that you'll be back for more  
Now you really need to realize  
You don't have to give me a roar  
Now tell me

If you could be anyone  
Would you be the one I want  
If you could be anyone at all  
Who do you wanna be  
If you could be anyone would you ever let me down  
If you could be anyone at all  
Who do you wanna be

Now lets say you know it  
Who you really wanna be  
Would it change the things you do  
And lead to something new

I'm not the one to choose  
Now it's all up to you  
To find a way to realize  
What you really wanna do  
Now tell me

If you could be anyone.

I just wanna know  
Where you wanna go  
If you still wanna be there  
You've got to let me know

I don't wanna be the one to tell you girl  
Who you got to be - got to find your own way  
You have to make a choice  
To be the one I dream of
