Childhood is like a lock without a key  
Its the blooming time for brainwash  
And explanation of what you see  
Growing up and burning up inside  
Do your chores, go to bed  
Put a bullet through yer head

Kill yer parents / burn their bodies  
Bury the ashes / find out what you want

Going mad and maturing all along  
Yer parents are fucking blind  
And their ideals are all wrong  
Influenced by what your parents always want  
You're a model of their youth  
You're a trophy they can flaunt

Kill yer parents / burn their bodies  
Bury the ashes / find out what you want

Kill yer parents / the voices in yer head  
EV-O-LU-TION / freedom lies ahead

Now you're sick and dying too  
All alone in a black lifeless room  
With nothing to do  
Death, it doesn't seem to phase me  
But people crying over dying never seizes to amaze me

Kill yer parents / live as life dies  
A burning world / seen through burning eyes
