## Emeli Sande "Read All About It; Part Iii"

Visit "Read All About It; Part Iii" on MotoLyrics.com

You've got the words to change a nation but you're biting your tongue
You've spent a lifetime stuck in silence afraid you'll say something wrong
If no one ever hears it how we gonna learn your song So come on, come on

Come on, come on.

You've got a heart as loud as lions

so why let your voice be tamed

Maybe we're a little different

there's no need to be ashamed

You've got the light to fight the shadows

so stop hiding it away

Come on, come on

I wanna sing

I wanna shout

I wanna scream 'til the words dry out.

So put it in all of the papers, I'm not afraid

They can read all about it

Read all about it

oh oh oh oh oh oh oooh

oh oh oh oh oh oh oh oh

At night we're waking up the neighbours

while we sing away the blues

Making sure that we're remembered

cos we all matter too

If the truth has been forbidden

then we're breaking all the rules

So come on, come on

Come on, come on

Let's get the TV and the radio

to play our tune again

It's 'bout time we got some air play of our version of

events

There's no need to be afraid

I will sing with you my friend

Come on, come on

I wanna sing

I wanna shout

I wanna scream 'til the words dry out

So put it in all of the papers, I'm not afraid

They can read all about it

Read all about it oh oh oh oh oh oh oooh oh oh oh oh oh oh oh oh Yeah we're all wonderful, wonderful people So when did we all get so fearful? Now we're finally finding our voices So take a chance, some help me sing this Yeah we're all wonderful, wonderful people So when did we all get so fearful? Now we're finally finding our voices Just take a chance, some help me sing this I wanna sing I wanna shout I wanna scream 'til the words dry out So put it in all of the papers, I'm not afraid They can read all about it Read all about it oh I wanna sing I wanna shout I wanna scream 'til the words dry out So put it in all of the papers, I'm not afraid They can read all about it Read all about it, oh
