Baby Iâ€™m tired of thinking I was wrong
Iâ€™m lost with no sign
A game with no end

Iâ€™ve been there searching gold but suddenly
You played with my mind
Got words from behind

A promise is right babe
I can believe in some
No win by default in your life
Iâ€™m lost when youâ€™re mindless

How can I fall down

Baby when your love is too far
There's no strength in my heart
No will leads to distance
Can you feel it now
Your love is too far
I swear but again
The silence between us
I can feel it now - ooh yeah

Baby desire still relies on you
Take a look at me now
As it still lingers on

You let my feelings grow
But honestly
Iâ€™m through with your game
You canâ€™t always be right

A promise is sacred
I can believe in some
With you it's a million to one
I'm lost â€™cause youâ€™re mindless
But how can I fall down

Baby when your

Maybe in another life babe - I just want it good and real
So you can beg, steal or lie babe - but you don't know
when
