"Where I Sleep"

There's nowhere that I wouldn't follow,
there's nothing that I won't do for your kiss,
I'll love you like there's no tomorrow,
Cause nothing never felt like this

There's nothing I won't steal or borrow,
I'll travel on a boat or an aeroplane.
I'll explore a world of sorrow,
Cause when I find you I know, I know I'm a be okay

See the times are changing,
and I'm sure of nothing, that I know
Except this is us, and this is love,
and this is where I'm home

In a world that's breaking,
where nothing is for keeps
Oh, this is us, this is love,
and this is where I sleep
this is us, this is love,
and this is where I sleep

I'm from a generation undecided
I'm restless and I can't help changing things
But in all the noise and the excitement,
your love is all that will remain

I said all of my goodbyes to ego
I gambled all I got, there's no plan B
It's the first time that I've learned to let go
It's the only place I feel, only place I feel like me
Hey yeah

See the times are changing,
and I'm sure of nothing, that I know
Except this is us, and this is love,
and this is where I'm home

In a world that's breaking,
where nothing is for keeps,
Oh, this is us, this is love,
and this is where I sleep

this is us, this is love,
and this is where I sleep
