(1966) Barry Gibb

In the morning when the moon is at it's rest,
You will find me, at the time I love the best
Watching rainbows play on sunlight;
Pools of water ice cream cold light,in the morning.
Yeah yeah yeah
Its the morning of my life.

In the daytime I will meet you as before.
You will find me at the ?(pool) waiting by the ocean
floor,
Building castles in the shifting sands
In a world that nobody understands,
In a morning.
Its the morning of my life
'Tis the morning of my life

In the morning of my life
The minutes take so long to drift away
Please be patient with your life
It's only morning and you're still to live your day

In the ev'ning I will fly you to the moon
To the top right hand corner of
The ceiling in my room
Where w'll stay till the sun shines
Another day lay on clothes lines
I'll be yawning
It is the morning of my life
The morning of my life
