The time is now, I need you  
Hold me close  
The time is now, I need you  
So don't be cold

The time is now, so don't worry  
I'll love you good  
The time is now, don't worry baby  
I know I should

When I first, when I first met you  
I knew that you were for me  
I could never forget you  
And I knew that one day you'll see that the time is now  
Don't you know I need you  
So hold me close  
The time is now, don't hesitate  
Don't wait, just love me once more
