Across the morning sky, all the birds are leaving  
How can they know that it's time to go  
Before the winter fire, I will still be dreaming  
I do not count the time

Who knows where time goes?  
Who knows where the time goes?  
[Incomprehensible]

Sad, deserted shore, your fickle friends are leaving  
Oh, but then you know that it's time for them to go  
But I will still be here, I have no thought of leaving  
I do not count the time

Who knows where the time goes?  
Who knows where the time goes?

But I am not alone as long as my love is near me  
And I know it will be so until it's time to go  
After the winter until the birds again return in spring  
And I do not fear time

Who knows where time goes?  
Who knows where the time goes?
