It's gonna be your favorite song

Hey girl, seems like I know you for so long
Even though we just met, I've been waiting to put you
on
I can tell you've got some talent, some talent

But I'm ready for the challenge, the challenge
Let me touch on your body girl I know it's soft
And I can't wait to see you with the lights off
So what you say?
Cause girl I need that asap
Girl I need that asap, asap, asap, I need
Girl I need that asap, asap, asap, I need
Girl I need that asap, asap, asap, baby I need
Girl I'm tryina taste that, taste that, I need
Girl I need that asap, asap, asap, baby I need it

Hope I ain't coming off too strong
But I've been single 2 weeks
And I just can't stand to be alone
Girl I've been so off balance, off balance
And I just gotta have it, have it

Let me touch on your body girl I know it's soft
And I can't wait to see you with the lights off
So what you say?
Cause girl I need that asap
Girl I need that asap, asap, asap, I need
Girl I need that asap, asap, asap, I need
Girl I need that asap, asap, asap, baby I need
Girl I'm tryina taste that, taste that, I need
Girl I need that asap, asap, asap, baby I need it

I want it, I need it
Won't stop till I get it
And even when I get that I'ma go hard
To make sure you in love with it, yeah
You want me to admit it
Might as well head to the crib right now
I mean like right now

Girl you ain't gotta worry bout no clothes
We can buy them all tomorrow
Girl I got money to blow up
Haven't you heard the radio
If it ain't me on the flow
Girl it's prolly a ricket that I wrote

Girl I need that asap, asap, asap, I need
Girl I need that asap, asap, asap, I need
Girl I need that asap, asap, asap, baby I need
Girl I'm tryina taste that, taste that, I need
Girl I need that asap, asap, asap, baby I need it.
