(feat. Sha Sha Jones)

Now that you're here, I've got nothing to say baby
'Cause everything I would tell you I'd rather do to you
Light on your head and those unaware to
'Cause I don't no distractions while I'm kissing on you,
no.

Why talk when I can say when I can say you my actions
Why speak when I can show you with some passion
This is more than just a physical attraction
So let's conversate using my body language,
body language, body language, body language.

No don't speak, no don't speak mami
Talk to me, talk to me, using your body I'm listening
Listening I hear you calling,
Talk to me, talk to me, using your body language.

Now that it seem, I don't want it to end now
'Cause baby I haven't tried all of my tricks on you
Now it's on you babe, what you're gonna do babe
'Cause I can be sure, body use, gonna have to spread
money, ohh

Why talk when I can say when I can say you my actions
Why speak when I can show you with some passion
This is more than just a physical attraction
So let's conversate using my body language,
body language, body language, body language.

No don't speak, no don't speak mami
Talk to me, talk to me, using your body I'm listening
Listening I hear you calling,
Talk to me, talk to me, using your body language.
