She 'aint show like tipical lover  
No I did know where she came from  
Maybe Mars  
The lucky me, lucky me  
Here on Earth living

Under the same Sun  
With the star  
She can do in row  
Right before you know  
Will be fightin  
Will be fusin  
Will be screamin  
Will be cousin  
Back in front about discution  
I don't even need...  
One last ...  
Just before you know  
We'll be kissin  
We'll be huging  
We'll be ...  
We'll be touchin  
We'll be liking  
We'll be suckin  
All night  
We'll be fucking  
In this circle of love  
Circle of love  
Circle of love  
Circle of love  
Circle of love  
It goes around  
And around  
And around  
It goes around and around in this circle of love  
And around  
And around  
And around  
In this circle of love  
How said it will be easy  
Try to make it last for a life time

I said that isn't gonna be easy  
Love is hard  
I said that isn't gonna be easy  
Love is hard  
Anything that 'aint worth working for  
Really isn't even worth having at all  
And at the end of the day I steel say she can do in row  
Right before you know  
Will be fightin  
Will be fusin  
Will be screamin  
Will be cousin  
Back in front about discution  
I don't even need...  
One last ...  
Just before you know  
We'll be kissin  
We'll be huging  
We'll be ...  
We'll be touchin  
We'll be liking  
We'll be suckin  
All night  
We'll be fucking  
In this circle of love  
Circle of love  
Circle of love  
Circle of love  
Circle of love  
It goes around  
And around  
And around  
It goes around and around in this circle of love  
And around  
And around  
And around  
In this circle of love  
Just to love me  
Then you want me all over again  
It's the same old circle of love  
First you love me  
Then you hate me  
Then you want me all over again  
It's the same old circle of love  
She can do in row  
Right before you know  
Will be fightin  
Will be fusin  
Will be screamin  
Will be cousin

We'll be touchin  
We'll be liking  
We'll be suckin  
All night  
We'll be fucking  
In this circle of love  
Circle of love  
Is the circle of love  
Circle of love  
Circle of love  
It goes around  
And around  
And around  
It goes around  
And around  
And around  
Is the circle of love  
Circle of love  
Circle of love  
Is the circle of love  
Circle of love  
Circle of love

And around

It goes around
