I wish I could press pause right now ,pause right now  
(Cause you know we can't rewind)  
I wish I could just call time out call time out  
(So we can do this thing right)  
Cause I don't want this moment to end!

Ain't gonna lie when you came up on that address  
Had me thinking like she be my new address.  
I got a girl but I'm moving in tonight!

Hook:  
Can I get a loan?  
(Get a, get a loan, girl  
Get a loan, girl!)  
So I can call your body home, yeah  
Once we get a loan  
(Once we get a loan)  
I'mma make myself at home!

You should let me paint your walls right now, walls right  
now  
Interior all white.  
Make you rearrange your drawers right now, drawers  
right now  
Til everything's in sight  
Cause I don't want this moment to end  
Ain't gon' lie when you came up on that address  
Had me thinking like she be my new address  
I got a girl but I'm moving in tonight

Hook:  
Can I get a loan?  
(Get a, get a loan, girl  
Get a loan, girl!)  
So I can call your body home, yeah  
Baby, once we get a loan  
(Once we get a loan)  
Hey, I'mma make myself at home!  
(Get a, get a loan!)

Go and do a credit check

Bet I qualify  
I know this ain't where I live  
But you feel so right!  
Temporary, it's just temporary  
Reference is won't be necessary  
Won't you let me be your guest?  
And let me stay the night

Hook:  
Can I get a loan?  
(Get a, get a loan, girl  
Get a loan, girl!)  
So I can call your body home, yeah  
Once we get a loan  
(Once we get a loan)  
I'mma make myself at home!

[Outro:]  
So what you're saying?  
(Can I get a loan?)  
Can I get down?  
And we get down, yeah!
