(Verse)

You say you don't think you can trust a man or love
again, but
You can't hold on 'cause you just don't feel like starting
over
Standing on the review mirror won't help quit living in
the past let it go

Girl , move on

(Pre-Chorus)

I know you want me
I want you to be patient with me
Just be patient with me
If we been to be
I know you'll still be waiting
On me, you'll be waiting on me

(Chorus)

We gotta start somewhere
Somewhere, somewhere , somewhere
And what better place than right here,
Right here, right here girl
What better place than right here, right here
You know where, you know where, you know where I
wanna go
You know where, you know where, you know where I'm
tryna go
Right here

(Verse)

Don't be scared just put your hand in my hand girl
And follow my lead 'cause I feel some hesitation
coming over
I'ma get inside your mind so you'll never have to
wonder about him anymore
Move on..

(Pre-Chorus)

I know you want me
I want you to be patient with me

Just be patient with me
If we been to be
I know you'll still be waiting
On me, you'll be waiting on me

(Chorus)
We gotta start somewhere
Somewhere, somewhere , somewhere
And what better place than right here,
Right here, right here girl
What better place than right here, right here
You know where, you know where, you know where I
wanna go
You know where, you know where, you know where I'm
tryna go
Right here

(Bridge)
Doin' my best but I can't wait forever
My heart is thicking hurry before it's too late
Just say the word and I'm ready whenever you are
Don't think so far , hey

(Chorus)
We gotta start somewhere
Somewhere, somewhere , somewhere
And what better place than right here,
Right here, right here girl
What better place than right here, right here
You know where, you know where, you know where I
wanna go
You know where, you know where, you know where I'm
tryna go
Right here
