There you go  
Doing that dumb shit that I don't like  
Doing that dumb shit that I don't like  
How could you switch after just one night  
I don't get it babe  
There you go  
Blowing my phone up like it's alright  
Now you expect me to read your mind  
Ain't gon front you was just my type

Til I told you  
That I loved you  
Swear to God I meant that shit  
Startin to regret that shit  
What's your name girl  
I don't know you  
You're acting like the rest of them  
But I don't really mess with them, no

How many times am I gon say  
I can't help it if I come home late  
You was cool on our first date  
Now all you do is just complain  
Bring back the girl I knew  
Now you gon learn the hard way  
You gon learn the hard way  
The hard way  
You'll learn you'll learn you'll learn you'll learn  
You'll learn you'll learn you'll learn you'll learn  
You'll learn you'll learn you'll learn you'll learn  
The hard way  
You'll learn the hard way  
Hard way

There you go  
Saying some more shit that I don't like  
Instead of kissing you rather fight  
Instead of touching you sleep all night  
I don't get it babe  
Don't you know how many girls ready to take your spot  
How many girls'll love to sit in that drop

Ain't gon front you was just my type

Til I told you  
That I loved you  
Swear to God I meant that shit  
Startin to regret that shit  
What's your name girl  
I don't know you  
You're acting like the rest of them  
But I don't really mess with them, no

How many times am I gon say  
I can't help it if I come home late  
You was cool on our first date  
Now all you do is just complain  
Bring back the girl I knew  
Now you gon learn the hard way  
You gon learn the hard way  
The hard way  
You'll learn you'll learn you'll learn you'll learn  
You'll learn you'll learn you'll learn you'll learn  
You'll learn you'll learn you'll learn you'll learn  
The hard way  
You'll learn the hard way  
Hard way

Watch me  
Oh, oh, oh you gon learn today  
The hard way though  
OK  
You gon learn the hard way  
Yeah, you gon learn the hard way  
Like spare the rod  
Spoil the child  
Don't get mad at me  
That's what God say  
And I'm just tryna listen  
Girl, I'm just tryna be a good christian  
Lord, please please forgive me  
But I ain't got no time for these bitches  
Look  
I'm tryna get the money  
Why you acting funny  
Girl I'm on the grind  
Money on my mind  
Why you wastin time  
Talking about time when I'm right here  
Damn girl I'm right here  
You wasn't talking shit when I had your ass on a Lear  
And got you over frontier  
But you wanna cry, when it ain't your damn turn

Mothafucka you'll learn

How many times am I gon say  
I can't help it if I come home late  
You was cool on our first date  
Now all you do is just complain  
Bring back the girl I knew  
Now you gon learn the hard way  
You gon learn the hard way  
The hard way  
You'll learn you'll learn you'll learn you'll learn  
You'll learn you'll learn you'll learn you'll learn
