Don't call yourself a dreamer if you can't dream and
fight
Don't call yourself the answer you can't read what's on
my mind
Let me tell you I lie awake each night praying to God
you'll be alright
Tell me when you're done putting up a fight with this
life
Can you hear me oh please tell me you can hear me
Can you hear me oh please tell me you can feel me
Can you hear me oh tell me all you want to be
Can you hear me no why can't you hear me
You're gonna grow sick from your broken ways
You've gotta fever your heart aches
You've got poison glistening in your eyes
There's a mirror right there please don't run and hide
Can you hear me oh please tell me you can hear me
Can you hear me oh please tell me you can feel me

Can you hear me oh tell me all you want to be
Can you hear me no why can't you hear me
Can you tell me who you want to be
Can you tell me what you want to see
Can you tell me what you want to feel
I'll show you it can all feel real
Stop and stare in my eyes
Don't tell me any lies
Can you hear me oh please tell me you can hear me
Can you hear me oh please tell me you can feel me
Can you hear me oh tell me all you want to be
Can you hear me no why can't you feel me
Can you hear me oh please tell me you can hear me
Can you hear me oh please tell me you can feel me
