Why'd you have to walk into the room
With that stupid attitude
Come on just let a little out, just scream and shout
I refuse to let you waste my words on lies
Come on just say what's on your mind, try and just let a
smile loose
Just don't be you
Why'd you have to be so immature
Always stuck within your little blur
Why not and try a different way, I'm just trying to say
That the sunshine is coming out
Don't know why you're so filled with doubt
But I want to tell you about the light
Just look above you let it shine so bright yeah
Like all the colors in the sky
Jump up and go for a little ride
Anything to get you clean and out from this doubt
Don't come back in this room till you fixed your stupid
attitude
Don't want to hear another word from you

Don't know why you're so filled with doubt
Cuz I want to tell you about the light
Just look above and let it shine so bright yeah
The sunshine is coming out get up and let it all out
Cuz I want to tell you about the light
Just look above and let it shine so bright yeah yeah
yeah yeah yeah yeah
So fake so fake get real to them all the real deal but
wait..
So cute so cute so adorable I want to pinch your cheeks
and never let go
Shall I call you princess and comb your hair how about
Do a dance so you can stare NOT
Wa oh Wa oh what have I said this time, woops woops, I
really am sorry
Sunshine is coming out
Don't know why you're so filled with doubt
But I want to tell you about the light
Just look above and let it shine so bright, yeah
The sunshine is coming out, get up and let it all out
Cuz I want to tell you about the light just look above and

let it shine so bright
Yeah Yeah Yeah Yeah Yeah Yeah
Just want to tell oh Just want to tell you... Just want to tell
you oh just want to tell you....
