Look in the mirror keep it real with yourself
Jumpin' out the window you were killin' yourself

I don't think about her like I used to
She's never on my mind anymore
I don't think I love her like I used to
I don't wanna lie anymore

Bridge:

And even though I'm drivin' her crazy
She won't let me go
She's looking for love
I'm not coming home
And even though I'm packing my bags
Still can't find those keys to the fence
Where did I put em'
I'm lookin' all over the house she took em'
And hid em' right next to the knives in the kitchen

Chorus:

This is suicide
This is motherfuckin suicide
x 2

She said I could leave her if I choose to
She doesn't wanna try anymore
Her heart ain't really beatin' like it used to
She doesn't have to cry anymore

Bridge:

And even though I'm drivin' her crazy
She won't let me go
She's looking for love
I'm not coming home
And even though I'm packing my bags
Still can't find those keys to the fence
Where did I put em'
I'm lookin' all over the house she took em'
And hid em' right next to the knives in the kitchen

Chorus:

This is suicide

This is motherfuckin suicide
x 2

I left the house steamin'
She tried to swing on me
How could I leave her when she would do anything for
me
She would die for us
She would breathe for me
Came the longest way
Canâ€™t get a ring on me
We ain't on the same page
Canâ€™t get a read on me
Iâ€™m trying to get free
She hid the keys from me
Look in the mirror and keep it real with yourself
You were jumpinâ€™ out the window
You were killin' yourself
She keeps screamin' but I still canâ€™t hear it
Still keep pleadin' like itâ€™s really gonnâ€™ help
But I was too busy
I could found time
Pointing out her flaws when she should have found
mine
Now
I never took you for granted
Leavin' you 'cause I love you
Never thought you would pin it
Never thought you would break
Always thought you would manage
Found a note on my pillow
Too many pills out the Cammack

Bridge:
And even though Iâ€™m drivin' her crazy
She wonâ€™t let me go
Sheâ€™s looking for love
Iâ€™m not coming home
And even though Iâ€™m packing my bags
Still canâ€™t find those keys to the fence
Where did I put em'
Iâ€™m lookin' all over the house she took emâ€™
And hid emâ€™ right next to the knives in the kitchen

Chorus:
This is suicide
This is motherfuckin suicide
x 2

Look in the mirror keep it real with yourself
Jumpinâ€™ out the window you were killinâ€™ yourself

x 2
