Well it was written there in your blog  
that we were all forged down ... ?  
as you sat quietly in your antique chair and stared  
I gave it all I could, and I, I gave it ?  
Well, oh, I guess I don't care

La de da, la da da  
La de da, la de da da dum  
La de da, la da da  
La de da, la de da da dum

Step away from my lips  
Step away from my throat  
If you need me let me know  
Step away from my lips  
Step away from my throat  
Oh, just let me know

Well you were ... ?  
A voyage conquest of the damsels in distress, whoa oh  
As it seeps inside your heart out and multiplies  
And the pain beneath your eyes gets,  
gets captured and glossed

Step away from my lips  
Step away from my throat  
If you need me let me know  
Step away from my lips  
Step away from my throat

So, step away from my lips  
Step away from my throat  
Oh, just let me know  
Step away from my lips  
Step away from my throat  
Oh, just let me know

La de da, la da da  
La de da, la de da da da dum  
La de da, la da da  
La de da, la de da da da dum

La de da, la da da  
La de da, la de da da da dum  
La de da, la da da  
La de da, la de da da da dum

Step away from my lips  
Step away from my throat  
Whoa, oh  
Step away from my lips  
Step away from my throat  
Whoa, oh  
Step away from my, my, my, my  
Step away from my throat  
Whoa, oh  
Step away from my, my, my, my  
Step away from my throat  
Whoa, oh just let me know
