Take it all on yourself,
Pain and battery.
Fake it all for your health,
Numb their bitching

Now dont you stray too far my love, there is a
consequence for these accidents.
Well you're never never never fully free, but you better
be redeemed.

It rings all too clearly now,
Rip your limbs if they're tethered down
Harbored voices shouting out,
Rip your limbs if they're tethered down,
Just go, if you're tethered down.

Take it all on yourself,
Pain and battery.
Fake it all for yourself,
Fake it all for your health.
Take it all, take it all

Now dont you stray too far,
It rings all too clearly now
Now dont you stray too far
Harbored voices shouting out
Rip your limbs if they're tethered down
Harbored voices shouting out,
Rip your limbs if they're tethered down, go

Brave, we saddle, rage...
Never, never, never.
Never, never, never fully free
Never, never, never be redeemed

Rip your limbs if they're tethered down
Harbored voices shouting out,
Rip your limbs if they're tethered down, go

Rip your limbs if they're tethered down
Harbored voices shouting out loud, outloud
