[Chorus]

We see you, over there  
B1tch with the contacts and fake hair  
Keep on staring cause we don't care  
Try and get close but you won't dare  
Let me warn you, fall back, fall back, fall back b1tch  
Let me warn you, fall back, fall back, fall back

I know we've all been through the same sh1t before  
Out tryin to do our thing but we can't ignore  
The chick in the corner cause her eyes are stuck  
On you and your man since you got in the club  
Not intimidated, we know she is hatin  
She want what we got, but this man is taken  
I ain't gonna stress it cause it ain't a question  
She could try and get it, but she'll learn her lesson

[Chorus]

We see you, over there  
B1tch with the contacts and fake hair  
Keep on staring cause we don't care  
Try and get close but you won't dare  
Let me warn you, fall back, fall back, fall back b1tch  
Let me warn you, fall back, fall back, fall back

Funna pop two round our way  
Think your so hot, thats not what they say  
All things aside lets focus on tonight  
You see him on my side, don't get your hopes too high  
Cause you ain't gon take him, it's my bed he's makin  
You want what I got, but I ain't playin  
I ain't gonna stress it cause it ain't a question  
You can try and get it but you'll learn her lesson

[Chorus]

We see you, over there  
B1tch with the contacts and fake hair  
Keep on staring cause we don't care  
Try and get close but you won't dare  
Let me warn you, fall back, fall back, fall back b1tch  
Let me warn you, fall back, fall back, fall back

[Fat Joe]

Yo one's for the money man, two's for the show  
Three's Terror Squad man you already know  
Ladies rub your tits if you love Fat Joe  
Feel on my pockets when I got that dough  
If you got that look (Look) type of girl that wanna give  
that nook  
(Nook)  
But, I'm fiendin girl  
You could pack your bags we could flee the Burough  
Hop in that G-4 that'll see the world, uh  
And you know I'm bout loyalty, ya  
You my girl cause you stay loyal to me  
And the way you treat the kid, you'da spoil me  
Any b1tch disrespect you just point her to me  
Straight from the streets of Spanish Harlem we stand  
apart from, other  
artists  
I beg your pardon this Terror Squadron  
Puerto Rican you have too bad of view slab  
Ma other girls' so so deez is two...
