I'm writin this letter to
Let you know that i'll
Be leavin tomorrow
Didn't want to go
But ya pushed me to this point
I don't know what to do
I figured the first step was to let you know were through
I'll be gone by mornin time
Wont ask you if you care
You never showed you did
And you were never there, never there
I'm takin all my things
Oh yeah threw yours away
Don't say a word or try and write me back
I don't wanna be with you
Listen to the guitar play
Goodbye Ohhh
Goodbye ohhhh
