I'm to the point where I can't take no more your
immaturity
It adds ton frustrating like those things you say
Actin' like you ain't feelin' me
Your boys come around then you start thrillin' me

Gonna let you know how I feel today
Ain't gonna take your shit
Ain't gonna sit and play your games
No more, no more, no more

Gonna let you know how I feel today
Ain't gonna take your shit
Ain't gonna sit and play your games
No more, no more, no more

We both know we can work it out
So lets just let it go, no use in stayin' around
No take it slow today is done for sure
And let it go, let it go

We both know we can work it out
So lets just let it go, no use in stayin' around
No take it slow today is done for sure
And let it go, let it go

You starin' now talkin' 'bout you wanna work it out
Ain't goin' your way, you better leave here today, oh
And don't forget your things, gold and your diamond
rings
'Cause I would pawn those things, don't mess with me
baby

Gonna let you know how I feel today
Ain't gonna take your shit
Ain't gonna sit and play your games
No more, no more, no more

Gonna let you know how I feel today
Ain't gonna take your shit
Ain't gonna sit and play your games
No more, no more, no more

We both know we can work it out
So lets just let it go, no use in stayin' around
No take it slow today is done for sure
And let it go, let it go

We both know we can work it out
So lets just let it go, no use in stayin' around
No take it slow today is done for sure
And let it go, let it go

Now sorry that we didn't make it through, just that I
ever got
With you and all the shit you ever put me through
Let me show you what I can do, your things are packed
Your cars on smash, your money stashed now live with
that
(Stop callin' me, I told you it's over, over, live your life)

We both know we can work it out
So lets just let it go, no use in stayin' around
No take it slow today is done for sure
And let it go, let it go

We can work it out
Lets just let it go
I don't want you no more
Oh oh oh, let it go, let it go
Bye bye
