Abrupt, abrupt, abrupt  
Ring, ring  
This is a true story  
This is a true story off  
About you all my dream  
This cause I love you  
I love you x2  
This is a true story of  
Two girls who grew up in Astoria

Quisera empezar  
Con una historia de verdad de mi vida  
Que siendo empovrezar  
Family try'na make it by  
Always unhappy  
Porque la jente burlaban de mi  
No queria vivir a si  
Como pude yo seguir

From a young girl I knew  
Music would pull me through  
It's a dream come true  
Y yo soy ejemplo de  
Lo que sueÑ±os pueden ser  
Si tu quieres llegar  
Donde tu quieres estar  
Don't ever stop  
Por lo quieres hay que luchas

Chorus:  
SueÑ±os no esperes  
Puedes hacer lo que quieres  
Nothing can't stop me keep moving to the top  
All these dreams can be reality  
If you just believe in what you're doing  
And never stop

Remember when you said to me  
That music wasn't everything  
Look at me now  
Everything that I've achieved

And how I'm standing on my two feet  
(This cause I love you)  
And I'm living proof  
That you can do it too  
Sigues adelante  
Oye mi jente no hay quien no se aguante

The moral of this story is  
If you always stay strong within  
And give your all, nothing's gonna break you down  
Keep moving forward, don't turn around

Esto es para ti  
Para ser feliz  
Don't let nobody tell you differently  
Believe in your dream, oh...

Repeat Chorus

No tenga es miedo (No, no)  
Es tu momento  
Qrués en tu mismo  
Dale todo (x2)

Repeat Chorus
