They say that true love
That only comes once in a lifetime
I guess it's my chance, I guess it's my turn
You got me so high!
They say that true love
It touches you deep on the inside, yeah
Guess it' why my heart's pounding,
And I'm drowning so deep into you.

Try to put into words my emotions
But they speak louder, louder!
A gift and a curse,
Can't imagine my life without ya, without ya!
No more, I... seems much brighter
Na, na, na, na!

You can be my G, and I can be your baby
Treat you like a real man, be the perfect lady!
Na, na, na, ta, ta, ta!
You can be my G, and I can be your baby
Treat you like a real man, be the perfect lady!
Only one I want, you're my ta, ta, ta, oh!
