

A Fall To Break "Can't Let Go"

Your face is stuck in my mind,
And it seems like I can't get away,
Still feel the sting in my pride,
You know I can't believe we left it this way,

No more promises to break
I find it's better off this way,
It seems I'm going it on my own,
Forgetting everything that I have known,

I tend to wash away your memories,
I tend to push them down,
I tend to forget what you said to me,
And when you were around,

I can't let go,
All my walls are crashing around me,
It's all I know,
All I am and all I will be,

This is all that's left of and what's lost by the way
Broken once for sure,
By the heart you tore leaving me so empty,

I remember the nights when we'd lay with each other
Just ignoring time,
Telling stories and jokes places we've been,
Places we would go,

No more pain that I mistake
I'm fine, no longer kept awake,
And now I'm walking this road alone,
But still I see your face, I just can't move on.

I tend to wash away your memories,
I tend to push them down,
I tend to forget what you said to me,
And when you were around,

I can't let go,
All my walls are crashing around me,
It's all I know,

All I am and all I will be,

This is all that's left of and what's lost by the way
Broken once for sure,
By the heart you tore leaving me so empty,

(And now a taste of your own poison)
These words will be your death inside my heart
(And now a path of debt you've left me)
Even what's gone on you'll play your part,
(And now the thought of you disgusts me)
Left for dead I stand again without the scars
(To see you choked up on blood will only justify
The years of tears that I can no longer hide.)

I can't let go,
All my walls are crashing around me,
It's all I know,
All I am and all I will be,

This is all that's left of and what's lost by the way
Broken once for sure,
By the heart you tore leaving me so empty,
