I see you there like a light in the sky  
Don't give up and I'll fight if you show me a sign  
The monkeys and apes oh they're screaming cos they  
know it's time  
The city it sleeps not knowing the reason why

And we Stop and Stare cos we don't know where we're  
going  
I see the stars on the horizon, I toe the line

I see you there like a light in the sky  
Don't give up and I'll fight if you show me a sign  
The world fills with darkness, no colour no reason to  
shine  
We sail on this ocean, in search of the reason why

And we Stop and Stare cos we don't know where we're  
going  
And we brave the cold; we try to hide our fear  
And we Stop and Stare cos we don't know where we're  
going

I see the stars on the horizon I tow the line

All I see is the flashing of light  
I need to feel the heat. Don't give up the fight  
I see your pain is rife. You're burning so bright  
The castle sleeps, the archers take aim  
I feel the fire do you feel it the same?  
All I see is the flashing of lights tonight

And we Stop and Stare cos we don't know where we're  
going  
I see the stars on the horizon I toe the line

And we Stop and Stare cos we don't know where we're  
going  
And we brave the cold; we try to hide our fear  
And we Stop and Stare cos we don't know where we're  
going  
I see the stars on the horizon I toe the line
