Once again you stand alone,
This was exactly like so many many times before.
And all you figured out is that everything's the same,
But this time you cannot take it anymore.

So this is it, this is the end.
Would you just launch the time machine?

Well I'm so sorry,
The time is changing everything about me.
And please forgive me,
The time is running on and there's nothing I can do
about it.

Time goes by and you will fade,
Right down into the cold gray silence,
There's screaming on your face.
And all you have to know,
Is that nothing ever changed.
I hope this tragedy will end.

So this is it, this is the end,

Would you just launch the time machine?

Well I'm so sorry,
The time is changing everything about me.
And please forgive me,
The time is running on and there's nothing I can do
about it,

Your life is just a big black hole (don't tell me)
Can you face it?
Can you face it?

GO!

Well I'm so sorry,
The time is changing everything about me.
And please forgive me,
The time is running on and there's nothing I can do

about it.

Well I'm so sorry,
The time is changing everything about me.
And please forgive me,
The time is running on and there's nothing I can do
about it.
