Why can't you want me like the other boys do?  
They stare at me while I stare at you  
Why can't I keep you safe as my own?  
One moment I have you the next you're gone  
Rehearsed steps on an empty stage  
That boy's got my heart in a silver cage  
Why can't you want me like the other boys do?  
They stare at me while I crave you

I walked into the room dripping in gold  
Yeah dripping in gold  
I walked into the room dripping in gold  
Dripping in gold  
A wave of heads did turn or so I've been told  
Or so I've been told  
My heart broke when I saw you kept your gaze  
controlled  
I cannot solve

Why can't you want me like the other boys do?  
They stare at me while I stare at you  
Why can't I keep you safe as my own?  
One moment I have you the next you're gone  
Rehearsed steps on an empty stage  
That boy's got my heart in a silver cage

Why can't you want me like the other boys do?  
They stare at me while I crave you

It's true I crave you  
Crave You  
It's true I crave you

Let's just stop and think, before I lose face  
Surely I can't fall, into a game of chase  
Around his little finger, that boy has got me curled  
I try to reach out, but he's in his own world  
This boy's got my head tied, in knots with all his games  
I simply want him more because he looks the other way

Why can't you want me like the other boys do?  
They stare at me while I stare at you

Why can't I keep you safe as my own?  
One moment I have you the next you're gone  
Rehearsed steps on an empty stage  
That boy's got my heart in a silver cage  
Why can't you want me like the other boys do?  
They stare at me while I crave you

I am craving you
