(Do you want, do you want, etc.) (lauter)  
Do you want to feel that beat?

I will tell you something now,  
There is a special thing that you should know,  
Emotions, they are spinning around,  
Inside my heart there is something i found.

Thank you for your friendship and thank you for your  
love,  
Thank you for the special moments,  
I know that it's a gift from heaven above.
