[2 Chainz:]

The feds tapping phones so I talk in codes

The shit jumping out the gym I ain't talking pros

Polo on my draws, Bentley in my drive way

I was in the trap when you was on Myspace

Money on my mind state, increase the crime rate

Pinky Ring so big you can see it on the blind day

Car game irate, we park outside

SS on it and that's... for south side

Outside pulling, duice and the juices

Two two cups on me, shout out to Houston

We got a problem Houston, they take on style they

Boostin'

They Lame Man, they hoes knew it

They lame man, they hoes knewit

[Hook]

[Future:]

You bitch be too fascinated, with my conversation

Get a load of me, and u hallucinatin

I'm hypnotizin ladies I got em in the matrix

Switch with the youngs go put the lama, go put your

Camera

Never blend in cause I always stand out
You not came up, brought the swag I got some benz up
Have two cups of dirty, my necklace on the birdy
And I ball for the hall of fame - James Worthy!
And I'm drinking on Magic, (why that?) Yellow & Purple
You can have a sip, if you gettin thirsty
Hook
