[Hook] x 2

Gonna grind on to the club
Turning these niggas for nothing
I used to see me as your husband
Even though I'm out here thuggin

I was missin on your touchin
I ain't fell in love with no pussy
I ain't fell in love with no pussy
I ain't fell in love with no pussy

You want all my money, you want all my fame
You want to run shit about me
Tryina fuck up my name
I ain't never been this dishonorable
I even took a chance on you
I even took you round my homies
Something I never do

I'm drinkin and flashin a rollie
Either you stay or you goin
I'ma never gonna talk shit but from the beginning
I knew I could afford it
Carry my 40, and you thought I would, whoa baby

I ain't fell in love with no pussy

Fuck you on your bed, fuck your landlord
Fuck you just there, fuck you in the car
Fuck you in the crib
Fuck you in the studio
Never made love,
Fuck you in the neck, fuck you in the fuck

Fuck you when you're drunk
Fuck you beat it up
Fuck you everywhere
Fuck you everywhere
Fuck you from the bed
Fuck you pull your hair
Fuck you in a green truck
Fuck you like a 10
Fuck you like a king
Fuck you like a queen
Fuck you like seduct
Fuck you like sneary
Fuck you like a rent
Fuck you like I'm broke
