[Hook:]

I got them Old Hundreds [x3]
Them new ones on the way. [x2]
Fish parkay,
Numb ya face when ya taste,
I got them Old Hundreds,
Them new ones on the way,
30K in the club,
Shit you wanna play,
I got them Old Hundreds,
Them new ones on the way

[Verse 1: Future]

The money, the power, the cars, the little respect, Got a

My muhfuckin' neck, But before you hit a plug, you use
to call up your

On racks that fish parkayin' is the best, Clark and
Cartier, oh yes,
Straight like chandelier oh yes, aquafina clear, oh yes,

Habits, ain't nuthin changed I'm still on it, spent so
much on platinum,
The kid shoulda been on it, put the money to ya nose,
you could smell the
Dust on it

In the club tippin' with the old money, cause I gotta
keep the new money up
In the safe, so I'm up in the VIP givin' out Old Hundreds,
you could see
Them muthafuckas bend around the way, out up on the
block, the K-Town with
The hustla's, made it out South, goin' pier up after tier,
made it to the
Bitches to the strip club, inside the thong go on here up

after here, dirty
Money movin' around in the vicinity if everybody gotta
get it they be up in
It when they on the grind, this here my play money,
some money I made
Before '09, if I see a nigga talkin' about I'm broke, I'm a
tell a nigga
Man please, I'm still spendin' bucks from Adrenline
Rush and my Slow Jam
Cheese, bank accounts don't freeze, cause the flow is
too cold, my stacks
Don't fit in my pocket cause the dough is too old,
niggas be tellin'
Everybody they be ballin' but they don't run it, new
paper put up, because
I got them Old Hundreds
