If you know what it feels like
To be born to scared to fight
When it feels like life is just a game
And you're sick of your heart bursting into flames

I locked myself in the basement
And taught myself not to care
Now I need a vacation
Who's gonna take me there?
Destination Nowhere
Destination Nowhere
If you're gonna do one thing wrong to long you'll be
going nowhere

You're too young to really know how to fight
And too old to stay awake at night
When you say your heart, when it beats on time
And you say your friend, is no friend of mine

I took myself to the station
I couldn't pay for the fare
And still I need a vacation
Who's gonna take me there?
Destination Nowhere
Destination Nowhere
If you're gonna do one thing wrong to long you'll be
going nowhere

Take me there

I lost myself in the ocean
I did it once for a dare
And still I need a vacation
Who's gonna take me there?
Destination Nowhere
Destination Nowhere
If you're gonna do one thing wrong to long you'll be
going nowhere

Destination Nowhere
Destination Nowhere
If you're gonna do one thing wrong to long you'll be

going nowhere
