

Nine Black Alps "In And Out Of Reach"

Here's how you run, here's how you fall.
Be good to take two steps at all.
And find you lying on the floor.

You don't fake concern, you won't make a stand.
Too smart to learn, you don't understand.
Too busy acting like a man.

Hey, my injury runs deep.
Rains on everything I see.
Pouring down all over me.
Falling in and out of reach.

Don't look surprised, don't get upset.
Pretty soon you'll find it's all in your head.

Hey, my injury runs deep.
Rains on everything I see.
Pouring down all over me.
I've been falling in and out of reach.
