Visit "[Over The Ocean](#)" on MotoLyrics.com

I don't wanna be anywhere
I only wanna be somewhere
I don't wanna be anything
I only wanna be something

Is it all a game for me?
It's all a game for someone
I don't wanna be anyone
I only wanna be someone

I can run to the ocean
Over the ocean

There's always static on the waves
Always static someday
It always happens when you're there
You're always out there somewhere

Keep on blaming the enemy
Keep on blaming someone
I don't wanna be anyone
I only wanna be someone

I can run to the ocean
Over the ocean
Why is it happening
Over the ocean?

Run to the ocean
Over the ocean
Why is it happening
Over the ocean?
