Pretty face. Perfect frame. You got it going on.  
Model walk with that baby talk, you know, girl you got  
me gone.  
You so hard to hold onto and I'm really, really  
hanging on.

My friends tell me I'm too far gone, and I really  
should be moving on,  
but all I can do, lately, is think about you, baby.  
All I can do, lately, is think about you, baby, yeah.

Had this pretty little thing back home  
I can't seem to do nothing, no wrong.  
This really don't make no sense,  
after everything; my money spent  
she was so hard to hold onto, and I was really, really  
hanging on.

My friends said I was too far gone and I should  
have been moving along  
Cause all I can do, lately, is think about you, baby.  
All I can do, lately, is think about you, baby. X3

This time she's leaving for sure. I know she  
won't be back no more.  
She left the key to my door. I'll be alone.

All I can do, lately, is think about you, baby, yeah. X3
