I love a girl in california, but I married a girl up in new
york
I miss that girl in california, and everyday i miss her
more
You can say that I am crazy, to give up everything I got
But like the sun i'm headed westward, till I set in
Hollywood
So long, don't you wait up for me I'll be long gone you
know
And if I'm so wrong you can say you knew I would be
and i'll crawl home to you alone
I want a sky that's never ending, there's too much rain
here in New York
I got a name in California, when I get there I will look
her up
So long, don't you wait up for me I'll be long gone you
know
And if I'm so wrong you can say you knew I would be
and i'll crawl home to you alone
I'm taking the best days of my life and leaving
Given the best of what I got
I live in the jetstream like a star still burning
I am living every day all in
So long, don't you wait up for me, I'll be long gone you
know
And if I'm so wrong you can say you knew I would be
and i'll crawl home to you alone
yes i'll crawl home to you, and i'll crawl home to you
alone
I love a girl in california, but I married a girl up in New
York
I miss that girl in california, so here I come to
hollywood
